

No Lies

Music & Lyrics: Dave Meniketti

Give me your love
With everything you've got
I need you all the way
To make it right

Give me your trust
And I will make you believe
Come on baby, lay down your love

I need real love
Love with nothing to hide
I want your honesty
Every day and night

Well, I know it's hard
But we've got something to bleed for
If it's real, we'll make it all right

'Cause, you can't get everything you want
Until you've got nothing to lose

CHORUS:

Just tell me no lies
And I will believe
Give me no lies, alright
Just tell me no lies
And we will be free
Just give me everything

Don't be afraid
To share your life with me
'Cause it's not wrong to be
Everything you are

I need to know
What your secrets reveal
Come on, take this risk for our love

'Cause, you might get everything you want

When you have got nothing to lose

CHORUS:

So tell me no lies
And I will believe
Give me no lies, that's right
Just tell me, no lies
And we will be free
Just give me everything, with no lies
